

Contship Italia Group – We bring the Ship to Your Factory

Contship Italia S.p.A. is the holding company of a group established in 1969 and today communicating to the global supply chain its key aspiration to be considered as the Italian partner of choice for maritime container terminals, intermodal transport and other value added logistic services.

Contship Italia Group directly operates in the ports of La Spezia, Gioia Tauro, Cagliari, Ravenna, Salerno, Tangier and in the Rail Hub of Milan (Melzo).

Contship Italia's vertically integrated transport solutions are provided through numerous directly owned businesses, that further extend the geographical scope in connecting additional ports in Italy. Contship offers a vast network of rail and road connections between the main Italian ports and the key economic regions and markets in Italy, as well as extending into South, Central and North Europe.

The Group, headed by Cecilia Eckelmann-Battistello, has 2,400 employees.

In 2017, Contship container terminals operated some 7,000 ship calls and handled 6.2 million TEUs. The Group's Intermodal & Logistics companies transported 301,000 TEUs, and its rail traction company operated in excess of 1.1 million train-kilometers. Rail Hub Milano (RHM) is the Group's inland and cross-docking platform in Milan, handling up to 7,000 domestic and international trains. Contship Italia Group is controlled by Eurokai (Hamburg) and together with Eurogate (Bremen) is ranked number 13 in the global/international Terminal Operators list by equity based container throughput.

Contship Italia Group is committed to developing long-term sustainable supply chain solutions, championing a more intense use of "smart" intermodal transport for the "port to door" and "continental" transport processes.
