

La Spezia - February 8th, 2019

CUSTOMER ADVICE

Dear Customer,

We wish to inform you that the relevant competent authorities have now received the necessary authorization to commence dredging at the Fornelli East Pier, La Spezia Container Terminal.

LSCT has reached agreement with Port Authority that the work will be done during the holiday period following the Lunar New Year in Asia, to minimize any disruption. Work will take approximately 8-9 days and it will commence on 10th March.

During this time, Fornelli East Pier will not be available for mooring.

Once completed, LSCT will be able to provide 15m water depth.
A similar project is due to commence at Fornelli West pier, later this year.
LSCT will keep you posted.

The remaining piers will be operational with some restrictions on equipment and draft.

For any question or explanation please refer to LSCT Terminal planners.

We thank you for your understanding and usual co-operation.

Best regards,

Roberto Scotto
LSCT Customer Service Director
